## Boatie Neil returns on crest of winning wave

**T**HEY are used to coming up trumps out at luxury cruiser manufacturer Riviera.

Not only do they produce award-winning water craft, their employees are also gold medal winners.

CC hears that supplier relationship co-ordinator Neil Decker (below) has just

returned from winning the World Masters Waveski Championship at Durban, South Africa.

Neil returned home last week to a hero's welcome from his colleagues at Riviera's Gold Coast headquarters.

Riding a waveski of his own design, Neil

defended the title he won last year and came within 0.003 point of winning the open title as well, a feat he achieved in New Zealand in 1994 and again in Brazil in 2004.

While competing and winning at an individual level, Neil also captained Australia to victory in the team section.
